

NOTIFICATION

We have been encountering some cases of unpaid National Health Insurance premiums. If you are unable to pay your National Health Insurance bill before the deadline, please make sure to contact us by phone on the number below.

If you are in arrears with any Health Insurance payments and fail to contact us regarding any outstanding bill, we will add interest to the amount owed and, in accordance with the law, your place of employment and business connections will be investigated and assets seized.

In principle, National Health Insurance premiums must be paid by the due date.

In the future, we ask you to pay your insurance premiums on time in accordance with the due date.

※This notification is being sent to individuals whose payments have not been received at the time of sending this letter.

In case this letter has been sent to you by mistake, please accept our apologies.
